Dear Kevin,

It was a spectacular night! We couldn't be more grateful for your support of a phenomenally successful Leadership Awards in New York City on April 18th. More than 500 CIA friends gathered to celebrate five renowned "Masters of Hospitality"—and helped raise over \$1 million toward student scholarship funds.

The 30 CIA students who participated that evening were thrilled to be involved. Justin Yang wrote, *"It was eye-opening to be able to speak to industry leaders and pioneers, and it challenged me to dream even bigger and follow my passions."* Julianna Parkis was *"...excited to being around so many professionals that have helped shape this industry into the powerhouse it is. Being around these incredible people makes my dream seem more tangible."*

And Samantha Sagnelli's words reflected the gratitude of her fellow students: *"Having the opportunity to meet figures I've idolized...was incredible. I come from a lower-middle class family...and scholarship dollars make this education possible for me. My feelings of gratitude are so great that I can't properly articulate the magnitude of them. It means so much more than you know."*

Your generosity is helping the CIA change the future of the food and hospitality industry—one student at a time. Again, thank you.

Most sincerely,

Kevin Allan
